Covid-19 and our 2021 Holidays

We are working hard so that our holidays are able to resume in 2021. At this stage we do not know what the situation will be next summer with regard to Covid-19. The health and welfare of our holidaymakers and volunteers is of the utmost importance and we would like to reassure you that our holidays will only go ahead if it is safe for them to do so. We will be putting in place measures to ensure Covid-19 compliance and will be following the government guidance prevailing at the time.

Covid-19 Risk Groups Explained (please refer to this when completing the form)

Coronavirus (Covid-19) can make anyone seriously ill but for some people the risk is higher. There are 2 levels of higher risk:

High risk

Those who are clinically extremely vulnerable are at high risk. If you fall into this group you will have been advised by your doctor and will have had to shield at the beginning of lockdown.

Moderate risk

Those who are clinically vulnerable are at moderate risk. You fall into this group if you:

- are 70 or older
- have a lung condition that's not severe (such as asthma, COPD, emphysema or bronchitis)
- have heart disease (such as heart failure)
- have diabetes
- have chronic kidney disease
- have liver disease (such as hepatitis)
- have a condition affecting the brain or nerves (such as Parkinson's disease, motor neurone disease, multiple sclerosis or cerebral palsy)
- have a condition that means they have a high risk of getting infections
- are taking medicine that can affect the immune system (such as low doses of steroids)
- are very obese (a BMI of 40 or above)
- are pregnant

Data Protection

In compliance with our Privacy Policy, the information that you provide us with will only be used for the purposes of planning our holidays, will be securely stored, and will not be shared with any third parties.

Please keep these notes for your information. There is no need to return them with your completed 2021 Holiday Request Form.
